

Occupational Health & Safety Policy

Future Leaders International Private School aims at preparing generations to lead future generations for a better tomorrow. The school senior management are committed to ensure sustainability through proactive leadership in the prevention of injuries, ill health and, promotion of safe working culture and protection of environment.

The fundamental expectations from senior management are to:

- Promote a culture of responsibility and accountability towards protection of health and safety of students, employees and others stakeholders;
- Minimizing the health and safety hazards, risk arising from our activities and operations;
- Prevent injury and ill health;
- Apply and to comply with all applicable OSH legislation, national and international legal requirements, rules and regulations and others;
- Be committed to continual improvement through reduction and prevention of waste, pollution of air, water and land contamination;
- Provide safe working environment for our employees, customers, subcontractors and society;
- Control and handle substances with high level of care that they never affect adversely the school reputation, health, safety and the environment;
- Review the policy periodically and on decided and considered context of the school and the relevant requirements of the relevant interested parties;
- Actively promote and advise its sub-contractors in securing and carrying out of significant Maintenance with the highest possible standard of health safety & environmental compliance;
- Provide adequate resources to maintain a health and safe environment as well as achieving continual improvement;
- Communicate the policy to all staff, Students, Parents, associates, suppliers, interested parties;
- Identify hazards and carry out risk assessment on all activities and ensure necessary control measures are in place;
- Providing on-going trainings in relevant environment, health and safety issues;
- Promote environmental protection, sustainability and the conservation of biodiversity;
- Promoting awareness, encouraging participation through effective communication and consultation with staff, students, contractors and concern stakeholders;
